

## Product Overview

BGI new SG01 Speed Gate, a pedestrian-controlled passage with hinged doors (round opening) with a narrow structure and modern design. BGI-SG01 is specially designed to meet changing and evolving requirements in the market.

One-way or two-way opening. Stainless steel surface allows installation of auxiliary equipment, such as camera, screen, etc.

Built-in preparation for single or two-way card readers. Stainless steel outer shell allows for high durability and easy maintenance. The hinged doors opening allows a narrow unit structure and the use of an optimal floor space.

### SG01 - Speed Gate

Passage Width	590mm - 900mm
Throughput Rate	35 p/m
Power Supply	220/230VAc, 50/60Hz
Protection Level	IP >44
Working Temperature	Between -25° C to +70° C
Dimensions	1500mm X 140mm X 980mm
Door Height From Floor	1200mm - 1800mm
